

CONSTRUCTION UPDATE #2

Lord Jesus, help us build a beautiful church!

We continue to give thanks this weekend for the many blessings God has bestowed on our parish community, especially the excitement and joy of being alive and present as an awesome new CHURCH is being built.

* If you brought your camera to the blessing and breaking of ground for our new church, and have a special picture you would like to give us for our parish history, please write the names of the people on the back of the picture and deliver it to us, or email it to blessedkateriparish@hotmail.com with that information.

* You can see that our workers have been here on site, with fencing for erosion control, to be followed by stripping the topsoil and beginning to dig the foundation for the new church.

* Our Construction Manager, Mike Fitzgerald, has picked up my invitation to our parishioners who are in the construction business. We are looking for the highest quality at the best price, and I would be happy if parishioners were among those who applied.

Therefore we say again that our parishioners are welcome to bid on their specialties. After the ground-breaking Mike wrote to me: "Please find out what Parish members are involved in the construction business, and who would like to bid on their specific trade, as we would like to give Parish members first preference."

I don't want to be in the middle of passing along such important messages, though I will confirm or deny the status people may claim. So if you are a parishioner, and you want to bid for part of this work, please contact Mike Fitzgerald directly with information about your company and its capabilities. His mailing address is 955 A McLean Ave, Yonkers NY 10907, and his fax is 914 237 7651.
