

CONSTRUCTION UPDATE #9

Everyone is so impressed by all the new roads, curbing, and bottom level of blacktopping. We have had phenomenal good fortune weather-wise since groundbreaking on November 5, and have seen the construction of a complete new parking lot on the south side of the new church.

We will start to use that parking lot in the next two weeks. Now that religious education classes are over, we need to enlarge, reconfigure and renew the present parking lot (expanding it from 97 spaces to 150.)

We count on your good will and energy. Please come earlier each Sunday for Mass. Except for handicapped people, you will walk a good bit further. Please follow the painted arrows on the blacktop.

We expect that our original parking lot will be restored to use by late August.
